Plot 16 - Esk

The well-thought-out internal layout of the Esk makes this our most popular family home. The patio doors from the spacious open plan kitchen/dining/sun lounge give direct access to the garden, making it the perfect space for entertaining. The formal lounge is front-facing and filled with natural light. There is also a separate utility room and convenient cloakroom, as well as an integral garage. On the first floor, the master bedroom benefits from an en-suite shower room, while the three further double bedrooms are served by a family bathroom.
